Hello Doug, yes, the only information subject to a claim of CBI is the narrative response to Questions 29 and 30 and supporting documents submitted in response to the January 12, 2017 Information Request. We would ask that you also withhold from release the privilege log associated with our responses to the May 3, 2016 Information Request. Best, Brooks

Brooks,

Following-up on our discussion earlier today, we are in the process of responding to a FOIA information request related to Dominion's responses to EPA's May 3, 2016 and January 12, 2017, 308 Information Requests.

We want to confirm that the only information subject to a CBI claim in the response to the January 12, 2017 Information Request is the narrative response to Questions 29 and 30 and supporting documents submitted in response to Questions 29 and 30 of the January 12, 2017 Information Request.

Also, the responses to the May 3, 2016 Information Request and information provided at the subsequent meeting in the Summer of 2016 do not contain any responses for which a CBI claim was asserted.

Please confirm that our understanding is correct.

Thank you,

Doug
